

The **Principal** Profile

Dr. Melissa Hunte
Principal of Pickering High School
Durham District School Board

How do you model anti-racism/ anti-oppression in your school?

“ Prioritizing and operating with an anti-racist and anti-oppressive lens is paramount to my leadership practice, and has been instrumental to my success as an administrator. One of my core beliefs is recognizing the value, learning, and strength in togetherness. It is important to me to **acknowledge and honour the voices and lived experiences of all students.** I model this each day and hold it as an expectation of all staff within our school. ”
